

4 routes across the VAM hill

Endless cycling in Drenthe

• Dwingeloo - VAM hill

The route is 70 kilometres in total. The start is in Dwingeloo and then you cycle to Ruinen, Echten, Pesse, Wijster, across the VAM mountain to Beilen and then back again to Dwingeloo. Dwingeloo and Ruinen are beautiful villages. Around the village greens, there are all kinds of restaurants and terraces where you can stop for a cup of coffee or a lunch before continuing on your way again!

• Rolde – VAM mountain

The Rolde VAM mountain cycling route begins in Rolde, then takes you to Grolloo, Westerbork, across the VAM mountain to Wijster, Beilen, Hooghalen and then back again to Rolde. The route is 74 kilometres in total. When you start the route, you will soon find yourself in Grolloo. This small Angerdorf is known for its C+B museum and the Blues festival, which attracts the biggest names in blues music every year.

• Emmen – VAM mountain

This 81-kilometre cycling route begins in Emmen. You then cycle to Noord-Sleen, Aalden, across the Mantingerveld in the direction of the VAM mountain, via Boswachterij Gees, then back again to Emmen. The city of Emmen, known of course for WILDLANDS Adventure Zoo Emmen, is located on the Hondsrug, a long 70-kilometre sand ridge. It is a unique region in Europe that has an extraordinary history.

• Orvelte – VAM mountain

The route is 59 kilometres long and starts in the unique village of Orvelte. You then travel in the direction of Wezep, Aalden, Oosterheselen, across the VAM mountain to the village of Wijster, to Westerbork and back again to Orvelte. In Orvelte, you can imagine yourselves hundreds of years back in time. There are restaurants and terraces where you can “refuel” before starting the route.
